

Regional Team Number Policy - 2017

- In an effort to be as inclusive as possible, the Manitoba Envirothon Steering committee has determined we will continue our Policy for 2017: we will allow teams of 4 to compete (and win) with no penalty at Regionals.
- At Provincial, teams of 4 can complete and will not be penalized but regardless of their scores at the Field Test and Preliminary Orals they will not qualify to be in the Final three or win. Teams representing Manitoba at the NCF Envirothon must have 5 members or cannot participate.
- Schools with multiple teams will be able to make 2 substitutions for the Provincial team – but those substitutions must have attended a Regional event.
